## Dow Jones Industrial Average (DJI)

*Time Frame: 30 minutes*

### Today's Description

With red arrows is presented our prediction for today!

We already saw an upward market to our first resistance from 11.010...

Today, during first hours some little downward moves can still manifest, but after the upward moves should resume... A significant support is at 10.950 and under it Dow shouldn't break... Some resistance is at 11.010. Above it more upward moves can develop...

## Dow Jones Industrial Average (DJI)

Time Frame: DAY

### Today's Description

With red arrows is presented our prediction for next days!

Exactly like we said, we saw a downward move for 2 days to 10.830 followed by more upward moves above 11.000! The prediction was again perfect...

Now, more upward moves should develop during next days. Good targets are 11.100 and 11.270. Support zone is between 10.950 and 10.900.
