Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

For the beginning of the market we have some short signals. They shouldn't move very much the market - but a little fall under 11.100 is possible. After that the sentiment can change and more upward moves can trigger.

Like you see in the image, we are near a resistance at 11.130. Next ones (and good targets) are 11.170 and 11.230.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

For this week we saw an accumulation between 10.950 and 11.130. After a quick recovery on Monday, DOW tried several times to move down and managed to touch 11.000 level like we expected...

For the next days, according with our expectations, a break above 11.130 can develop. Good targets are 11.230 – 11.280.
