

**Our prediction:**

**What really happened:**

**Our comments**

We wrote yesterday: "So, after possible little upward moves in the first part, expect to see some declines after that." Like you saw, the pattern respected perfectly! AGAIN! We saw a little upward move to 11.230-11.240 (so LONG for 30 pips profit) and declines after that under 11.200 (so SHORT for 40 pips profit).
