Today's Description

With red arrows is presented our prediction for today!

Under 10.950 the sentiment is for short trades only. During today's live session look for some quick short trades under 10.950 for 40-50 pips profit... Especially during second part of the day this downward moves can intensify. First strong resistance is at 11.010.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

We saw for a week that indecision move near 10.900...

Now it seems that Dow is trying to break the resistance. For some days (2-3) the downward moves can still move the price down to our support from 10.830. After that again upward moves can come back and move the price to 11.000 and even more.
