Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

Under 10.650 you can consider only quick short trades with 10.570 and 10.520 targets. During today's live session, after a weak morning we can see some recovery in the middle of the session followed by more downward moves latter in the day.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

(Feedback: We saw some upward moves to 10.650-10.750 during last three days, exactly like we said!)

Now, DOW is in our zone between 10.650 – 10.750... From here we should expect a little downward moves, first to 10.570, then under it, possible to 10.520 – 10.450 area.
