

Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

For today's live session we can expect to see some fluctuations near our pivot line from 9.760... Some big volatility in the first part of the session and some little upward moves in the end should describe today's session. Our strong resistance is at 9.850. A good support for today is at 9.660.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

(Feedback: We saw a local top near 10.600 and declines after that, exactly like we forecasted!)

For the next days the general sentiment is still negative... A little recovery is possible for the next two days but from the next week the bear market should reappear...
