Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

Expect to see for today some volatility in the first part of the session. Some up-down moves near 10.270 should be expected... In the end bulls should win and some upward moves in the second part and in the electronic session should develop. Reverse and sell strong only under the level from 10.180.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

(Feedback: We saw a local top near 10.600 and declines after that, exactly like we forecasted!)

For the next two days we should expect to see little recovery above our support from 10.270 followed by another downward moves during next week.
