Above 10.620 the sentiment in the market is strong positive and we can see more upward moves probable to 10.700. From there some downward moves back to support are to be expected.

Support is at 10.540 and only under it you should expect strong downward moves again.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

Exactly like we expected, Dow managed to touch our target from 10.540...

During next days some sort of local top should develop near 10.600 level (between 10.540 and 10.720). After that, a downward move back into our accumulation zone is to be expected. If Dow manages to break above 10.730 then reverse and go with the market...
