Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

During electronic session we saw some downward moves, exactly like we expected.

For today's live session more downward moves can develop during first part of the session. A little recovery is possible after that. We have a strong pivot line at 10.670! Under it there is a SHORT area; above it – to 10.840 is an indecision zone.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

Even from Friday we forecasted downward moves for DOW...They appeared and manifest even stronger that we expected!

Fort he next days we can see some recovery from this strong decline. Even if we'll still have downward moves, Dow can try to reach back to 10.950. After this move we expect again downward moves...
