Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

Dow missed only with 3 pips our target from 10.950 and then fell, exactly like we expected!

For the next days we can see some downward moves under 10.950. First support is at 10.670, second one is at 10.400. Consider reversing this position only if Dow manages to break and close the day above 10.950.
