

Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

with red arrows is presented our prediction for today!

For today we should see some upward moves during morning. First major support is at 8.740-8.760. If manage to break this then follow the market to 8.810. After that, some accumulation are possible. Look also for some downward moves during last hour of trading and during electronic hours. Under 8.650 do not look for long trades anymore. Expect to go above 8.650 and target 8.740-8.760.
