Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

After a possible weak start of the day, we should see a recovery in the afternoon above 8.500.

with red arrows is presented our prediction for today!

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

with red arrows is presented our prediction for next days!

Like you see from this picture, we have a strong channel between 8.420 and 8.560 in which Dow evolved for the last several days. Right now we should see a recovery back to resistance. But be prepared with a break out trade if manages to go under or above this levels!
