Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

with red arrows is presented our prediction for today!

It is possible to see again some up moves... Do not consider long any more if Dow breaks 7750. There you could try some quick shorts ... Between 7800 – 7850 you can try a LONG for 7900 – 7950 area target. Aspect to same sudden moves around 2-3PM.

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

with red arrows is presented our prediction for next days!

For right now we could see an up move to 8000. This could be an important target right now. For the bigger picture, we do aspect some declines in near future...
