Dow Jones Industrial Average (DJI)

Time Frame: 30 minutes

Today's Description

With red arrows is presented our prediction for today!

After a strong decline during electronic session we're expecting a recovery in first part of the day. So 10.000 should be seen. After that some accumulation under 10.000 is possible. Be careful if breaks 9.910...

Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

The trend is still up and if you followed our suggestion now you closed half of position at 10.000 and moved SL on BE at 9.850. Expect 10.200...

General picture is that between 10.000 and 9.850 is the indecision zone. Try only quick trades. Follow the market in the direction of the break... when breaks..
