Dow Jones Industrial Average (DJI)

Time Frame: DAY

Today's Description

With red arrows is presented our prediction for next days!

After a fall under 9.900 to 9.750 DOW managed to go back into the accumulation zone. Here is "safe" and it will try to stay again. Be attention at 9.900. A break of it will represent another downward move of 100-150 pips.
